Vocabulary linked to a historical period and style; using dialect  17. Use the passive voice deliberately e.g. The breastbone will be cut during the operation. (Formal) The trees towered over him menacingly. (Creating empathy) The gun had been stolen from the cabinet. (To hide information)  18. Use figurative devices such as extended metaphors and colloquialisms e.g. Before long, the musicians were in a duel. Music filled the square, note battling fiercely against note as they fought for attention.  19. Use an effective range of sentence structures, including sentences with multiple clauses e.g. Tom crept nervously towards the imposing forest, his breath quickening with each footstep as he edged nearer to his fate.  20. Add detail and create specific effects to engage the reader through crafting a range of sentence structures and lengths  21. Use the perfect form of verbs to mark relationships of time and cause e.g. They've been staying with us since last week. Scientists have recently discovered a new species.  22. Use formal language structures in speech and writing, including the subjunctive and question tags e.g. If you were to proceed with this operation, you should be aware of the potential risks. Surely only a fool would fail to recycle, wouldn't they?  23. Use semi-colons, colons or dashes to mark boundaries between independent clauses accurately e.g. It was a cold night; the rain had stopped and the ice had started to form.  24. Use a colon to introduce a list and semi-colons within a list e.g. There are many reasons why fox hunting is barbaric: foxes are harmless creatures; they are always outnumbered; the dead foxes are either turned into trophies or simply discarded.  25. Control the use of inverted commas for direct speech, reported speech and quotations.
